WORK EXPERIENCE

Software Developer | eLifeguard.com | Rockledge, FL | March 2016 – Present

- Conceptualized, developed, and launched 5+ top-rated iOS and Android apps, achieving an outstanding 100,000+ combined downloads and a stellar 4.5+ app store rating.
- Orchestrated a 30% cost reduction by optimizing 5+ mobile app codebases, thereby enhancing system performance and user satisfaction.
- Remedied software performance bottlenecks, yielding remarkable boosts in processing speed and elevating overall user experience.
- Spearheaded cross-functional collaboration, facilitating seamless project updates, AI delegation, proposals, and graphics.
- Elevated from IT Specialist to Software Developer for exceptional contributions and dedication.
- Devised and implemented 5 Python scripts, resulting in a commendable 20% productivity upswing.
- Proficiently managed diverse websites, leveraging WordPress, Magento 1.9/2.0, HTML, CSS, PHP, MySQL, and JavaScript.

IT Support Intern | Brevard County Public Schools | Palm Bay, FL | August 2022 - October 2022

- Pioneered smooth transitions to Windows 10 for 50+ laptops, ensuring minimal downtime and uninterrupted operations.
- Demonstrated judicious task prioritization, driving a significant 20% surge in team-wide productivity.
- Delivered technical expertise in software installations, adept troubleshooting, and efficient equipment repairs.

Software Tester Intern | IRI The CoSort Company | Melbourne, FL | July 2015 - October 2015

- Catalyzed efficiency by automating 5+ Shell and JCL scripts, thereby revolutionizing file comparison processes and realizing a 20% productivity hike.
- Championed software quality by identifying and rectifying critical bugs, resulting in an impressive 40% enhancement.
- Communicated testing outcomes effectively, contributing pivotal feedback to fortify overall team performance.

Computer Repair Technician | The Computer Repair Zone | Melbourne, FL | March 2013 - May 2013

- Delivered expert Windows operating system support, promptly diagnosing and resolving complex issues.
- Demonstrated meticulous troubleshooting prowess, ensuring minimal downtime and fostering unparalleled customer satisfaction.

PROJECTS

TaskList | Kotlin | Android | Gradle

- Pioneered a comprehensive Jetpack-Compose App for Android, tailored to personal and business to-do lists using Kotlin.
- Leveraged SQLDelight for seamless data storage, expertly integrated with Gradle Build Systems.

News | Kotlin | Gradle | Swift

- Engineered a cross-platform Kotlin-based Compose Multiplatform app, seamlessly fetching top news headlines across various catalogs using the NewsAPI.
- Ensured robust compatibility on Android, iOS, and Desktop through meticulous Gradle Build Systems integration.

Tip Calculator | C#

- Crafted a MAUI app empowered to calculate tips and split expenses, boasting a user-friendly .NET 7 interface and a 20% productivity surge.

Bank Account | C++

- Developed a concise C++ application for calculating account balances and withdrawals through command-line interfaces.

EDUCATION

Bachelor of Applied Science in Computer Information Systems Technology | Eastern Florida State College, Melbourne, FL | December 2022

Associate of Science in Computer Programming & Analysis | Eastern Florida State College, Melbourne, FL | May 2015
